Annual Gender Sensitization Action Plan
Academic Year – 2019-20

Introduction:

Gender equity is achieved when women and men are given equal rights and opportunities in every walk of life that includes economic liberty and self-assertion. In today's globalized world, women have reached almost all possible heights of achievement. Consequently, the issue of gender equity has become a significant aspect of our world. Therefore, denying their contribution in the betterment of our world would be injustice to them. In Indian society, one may easily observe that our society is male-dominated and patriarchal that considers women as inferior. There has been a huge amount of gender discrimination that begins right from the childhood of any girl. In order to change this gender biased outlook of our world, we have to make efforts in that direction. Hence, it is a need of time that we should cultivate the value of gender equity in our students. Keeping this in mind, the college has prepared 'Annual Gender Sensitization Action Plan' which will be implemented in the current academic year. Women's Cell and IQAC of the institute have identified specific areas in which Gender Sensitization is required.
